Engineering Design Services

Questions Received

Q1. Are 8.01 and 9.03 required? Neither is in the scope.

Q1 Answer: Required Area Classes 8.01 and 9.03 have been removed.

Q2. Exhibit I, Item 4.B. requires area class 5.04 – Aerial Photography. Please verify which sub-classes apply to the required 5.04 area class listed.

Q2 Answer: Sub-classes 5.04(a) and 5.04(c).

Q3. Page 16, D. Preliminary Design, Item No. 9 – Will the consultant be responsible for water and sewer relocation design, be given the option of adding it to the design scope, or just coordinate with the City/County through SUE?

Q3 Answer: Water and Sewer design is not a part of the scope of work. Utility submissions (1st and 2nd Utility Submissions for example) and utility coordination and estimates following the Georgia Department of Transportation's Plan Development Process (PDP) is included in the scope of work.
